

SRE and Relationships Curriculum Intent

INTENT

Good relationships are fundamental to our ethos and our success in being a happy, caring and safe school. Relationships and SRE is lifelong learning about relationships, emotions, looking after ourselves, different families, sex, sexuality and sexual health. We aim for the children in our school to acquire the appropriate knowledge, develop their skills and form positive beliefs, values and attitudes. Relationships education has a key part to play in the personal, social, moral and spiritual development of young people.

IMPLEMENTATION

SRE and Relationships is taught as an explicit lesson through WellBeing Wednesday using the SCARF curriculum, Protective behaviours, NSPCC resources and other means. The units studied are also linked to the science Nation Curriculum.

Children are taught by a familiar adult who they have a good rapport with, in order, to facilitate constructive and supportive discussion around sensitive issues in a safe and secure environment. Staff have received CPD to support them in responding to the needs of the individual child and support children with any questions or concerns. Our high expectations of behaviour, interpersonal relationships, respect and tolerance of others reflect the British Values upheld in both our community and the wider world. Through our rigorous and progressive curriculum, children develop key skills and are prepared for the wider world beyond primary school.

IMPACT

We continually assess the implementation and impact of our RSE curriculum in order to achieve the highest outcomes possible for all year groups and ensure we provide the support necessary for all children to have a good understanding of the complexities of relationships and sexual matters and a secure knowledge of skills base to navigate their way through these, now and in the future.
