

My steps through learning:

What I will know and understand

How I will show that I know it

Steps through Learning

Art & Design: Sculpting Vases

Lesson 5

To know how to decorate a vase

I can make appropriate choices when decorating my vase
I can create different effects using materials

Lesson 6

To know how to evaluate a finished product

I can evaluate my own work fairly
I can make suggestions for improvement on my own and others' vases

Lesson 3

To know how to control tools to give sculpting techniques

I can add decorative features and embellishments to my prototype
I can work with control and accuracy

Lesson 4

To know how to make a clay vase

I can follow a design to create a vase
I can use tools for my design appropriately

Lesson 1

To know of some historical vase designs

I can identify features of a vase design
I can sketch ideas to build up a portfolio of ideas

Lesson 2

To know of some vase designers

I can describe and assess vases made by designers
I can incorporate a design or theme into my own work

What should I already know

- Have experience of using multiple mediums and tools for effect
- Understand how mediums can be manipulated
- Can identify ways in which clay can be manipulated

National Curriculum:

KS2 - To improve their mastery of art and design techniques, including drawing and sculpture with a range of materials
KS2 - To learn about great artists in history
