

My steps through learning:

What I will know and understand

How I will show that I know it

# Steps through Learning Design and Technology - Homes

## Lesson 5

To be able to follow a design to create a model

I can follow my design and make my house  
I can talk about my work.

## Lesson 6

To be able to evaluate a finished product

I can talk about the I have made  
I can talk about my work.

## Lesson 4

To be able to design a house using success criteria

I can use success criteria to design my house

## Lesson 3

To choose and use appropriate materials

I can choose materials for the job I need to do.

## Lesson 2

To explore how to cut, shape and join materials together

I can use scissors to cut.  
I can join materials using different materials

## Lesson 1

To investigate the shapes and features of different types of homes

I identify the shapes in different homes.  
I can recognised different types of homes

### What should I already know

- To have some experience of different materials
- To have some experience of 3D modeling and how to create joins

### National Curriculum:

- to use a range of materials creatively to design and make products.
- to use drawing, painting and sculpture to develop and share their ideas, experiences and imagination.
- to develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space.
- about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.
