## Approval of minutes

Discussion about a Committee WhatsApp group that would include Sam. Try it for the rest of the term so that issues can be discussed across one media. The messenger chat will be kept going to ensure that all those interested in supporting the PTFA can be kept up today with events but not bombarding them with additional information and excessive messages.

As only Trustees can vote according to the constitution then this is the ideal place to make decisions. In September we can review and see if we need to add any further Trustees on to the list.
