

In September 2008,
 saw the start of a team that are truly great.
 They came to school eager and keen,
 Ready to achieve all of their dreams.

Very soon they became the greatest mates,
 Helped along by their teacher Kyle Bates,
 A journey to Tredington at Easter,
 Also saw a change of teacher. (me!)

I have followed the children all the way through school,
 When they moved into Year 1, Hattie joined the pool,
 Watching them all take life in their own stride,
 Has filled me with a sense of enormous pride.

Throughout the years I have watched them blossom and grow.
 And spread their wings as far as they will go.

Their personal achievements are vast,
 From sailing a boat with a mast,
 to canoeing and kayaking and playing the flute,
 Developing their skills and giving the football a boot!

Each has their own talents to share,
 From drumming to drawing each has a flair.
 Kind hearted and caring, a true friend,
 Right up to the very end.

Chloe and Hattie have always got time for others,
 Tobi takes care of his little brother,
 Atom's a whizz at playing the drums,
 Jacy plays the guitar with delicate strums,
 Felix - a more skilled chess player you will not find.
 Harry is supportive and always kind.
 Disturb Naomi when she is reading if you dare!
 And Josh has a sporting flair.

So here's to you - Atom, Jacy, Naomi, Harry, Felix, Josh, Chloe and Hattie

I've watched you learn and grow,
 And change from day to day,
 I hope all the things we've done.
 Have helped you on your way.

One thing I've tried to teach you,
 To last your whole life through,
 Is to know that you are special,
 Just because you are you!

Mrs Welsby
